**Obie Kipper has finally found the house of his dreams, but there's one problem:** it's 1956 and Obie's dream for the future of his family lies outside his redlined neighborhood, in an all-white neighborhood. With help from a friend, Obie puts in motion a sensational scheme to purchase the house that may either land him in jail or help chart the future for his family and all of Minneapolis. Based on the lives of playwright Stan Kipper's family, experience this story of community and the lengths some had to go through to achieve the American Dream.

drama

**Whoa, Nellie!** tells the whirlwind tale of a fake detective (and former child performer), whose countless criminal exploits and penchant for male attire made her a Minnesota media sensation in the late 1800s. This fast-paced, funny, and surprisingly moving new musical follows the path of the enigmatic and relentless "Nellie King," the alias by which she was best known. Along the way, her story brings to light historical realities around gender, addiction, mental health, and celebrity that continue to resonate today.
